

PortfolioForMe Item List

The following is a list of items needed to build your own personal portfolio website.

Item #	Item Name	Item Description
Item #1	Picture	Portrait photo of yourself.
Item #2	Skills	Job titles and/or Skills you want to highlight. Please provide between 3 and 5.
Item #3	Bio	Let the reader learn more about you. Put whatever you want here: CV, professional bio or just a blurb about yourself.
Item #4	Resume	I will need a copy of your resume in document form. It cannot be a PDF.
Item #5	Email Address	Email address for contact form.
Item #6	Location	Your location. Most people just do City and State.
Item #7	Thank You Message	A thank you message for visitors to your site.
Item #8	Social Media Usernames	Links to any social media you want linked to your website.
Item #9	Color Scheme	Please provide a primary, secondary, and tertiary color scheme.
Item #10	URL	<p>The \$25 does not include a URL. If you want a free URL, please create a Github account. You can host for free. URL will look like username.github.io/projectname.</p> <p>Otherwise please provide the URL you purchased. I recommend NameCheap mainly because they provide free WHOIS privacy.</p>
